NUMBER 33.

CHAMBER ENTERTAINS SCOUTS

THE STORY OF A BRIDE AND AN UNEXPECTED \$10 GIFT!

SNOW RELATES TALES OF NORTH

The Moving Finger

"The Moving Finger writes,
And having writ, moves on."
—Omar.

THOUGHT WE'D LAY OFF on this Prosperity stuff for fear some readers might think we were serious, but somehow we just can't this week. How can we be expected to? Even today fifty stocks reached new high points on the New York Stock Exchange!

Arthur Brisbane (ever hear of Arthur) has come to the rescue of the stock broker and says that his sorrow is caused by too much Prosperity!

Everything going up — cotton, wheat, corn, stocks—even seats on the Stock Exchange. Everything going up but MONEY. Call money could be had in New York this week at 2 per cent. Wall Street seems to be going plumb crazy since election.

Just received a beautifully printed invitation to dinner. The bid comes from the California Development Association. The date is Wednesday, November 19. The place, the Palace Hotel, in San Francisco. The price, \$6.00 PER PLATE! Yes, we won't be there. See, they too know money is cheap. However, if you think money is CHEAP in these parts, suppose you try to BUY some. Yes, or BORROW some? You'll find it takes a hundred cents to buy a dollar's worth of money. And there is another reason we can't attend this swell dinner: That is the day of week we have to print San Leandro's leading newspaper—so we just can't go.

The Niles Volunteer Fire Department is going to present "Daffyland" on Thursday, December 4, at the Niles Theater. Chief Rathbun hopes and EXPECTS the Fire Department to be Prosperous after that. The Fire Department is entitled to our utmost co-operation. Let's give it!

We are exceedingly GLAD that Brother Henry, of the Livermore Herald has recovered. Brother Henry puts out one of the nicest local papers in the state, and we would not for anything deter him in the good work. We print his brief in full on another page. Dr. Livermore came to Henry's rescue and rolled up a big vote for Supervisor Richmond, and The Moving Finger rejoices.

If you are not a subscriber of The Township Register, look up some Washington Union High School student and tell why you are not. Then you will need to watch your step. WASHINGTON UNION HIGH SCHOOL. That's what we said. See the full page advertisement in the current issue of The Hatchet. We will "say ours" later.

A few days ago we had the pleasure of visiting NILES on the Western Pacific. Great town, that! Glad the W. P. may consider moving their town up near NILES on the S. P.

When the present management took possession of The Township Register it was our desire to make a local paper that would SELL ITSELF. We are progressing slowly. Last week we got an awful jar. One fellow actually stopped his paper! BUT, we walked into a local office and there stood a winsome young lady who remarked: "I want to join your family!! We reached out our open arms, but she continued—"of readers; I want to subscribe for The Register." Wouldn't an act like that repay us for the loss of ONE subscriber? "We'll say." And then we are more cheerful because W. U. H. is going to add several hundred to the list soon.

BOYS LITTLE MODEST AT FIRST, BUT WHEN THE SONG LEADER GOT THEIR MOUTHS OPEN, FUN WAS ON

The Youngsters Were Glad to Be There And So Were the
Old Ones, Who Secretly Longed to Be
Young Again

Niles Boy Scouts were a merry bunch Monday night! Why should they not have been? Everything was coming their way!

The Chamber of Commerce banqueted the boys at the Classic Grill, and there were about thirty boys and thirty members of the Chamber present.

The boys were a little modest for the first few minutes—they didn't know whether or not they dared open their mouths wide to sing. But they soon learned.

When Song Director McPherson took them in hand and started them off with—

Mary had a swarm of bees, swarm of bees,
Swarm of bees,
Mary had a swarm of bees,
And they to save their lives,
Were forced to go where Mary went,
Mary went, Mary went,
Were forced to go where Mary went,
For Mary had the hives.

—why the boys just forgot themselves from that time on. Chairman Drew called upon Orator Charley James to welcome the boys, which he did in his characteristic manner.

JONES IS LATE AND PAYS DOUBLE PENALTY

Toastmaster F. Vernon Jones was detained in San Francisco, and did not arrive until rather late. After contributing to the keeper of the strong box for being late, the boys assessed him for ice cream on the side.

GOOZEE GETS A YELL FROM THE BOYS

Then Rev. Goozee, scoutmaster, made a little speech and was greeted by the boys and our cheerful song leader with:

"What's the matter with Goozee? He's all right
What's the matter with Goozee? He's all right.
He has a smile and he brings good cheer,
And we'll be happy while he is here.
What's the matter with Goozee? He's all right!"

ANOTHER MAN ASSESSED FOR ICE CREAM

About this time Irvin Barnes was the unlucky fellow who SEEMED to have spilled wine about his plate. For the deed he was assessed "ice cream on the side." Score AGAIN for the boys. And then the song leader again! This time: "It ain't a gonna rain no mo'."

It is needless to say that from this time on there was merriment among the young boys and the OLD ones, too. The young ones were glad to be there and be entertained, and to EAT. The OLD ones also were glad to be there and wished that they might be young again.

Among the speakers not above mentioned were Former Scoutmaster Bendel, Prof. Bristow, Prof. Hodges, and Master John Bunting, the budding young orator.

SEND BOYS TO PARADE IN OAKLAND

The Misses Bernice Gomez, Helen Graeber, and Margaret Sullivan waited the tables in a delightful manner.

The gathering voted unanimously to send the boys to Oakland on Tuesday to take part in the big parade.

IN A HURRY TO MARRY; MEETS THE SPEED COP

R. W. DeMyer, 857 Mandana Boulevard, Oakland, was in a big hurry to get married. That's why he exceeded the speed limit and was captured by the speed cop.

When brought before Judge Richmond and explained the cause for "burning up the highway" the judge thought this might be a real good time to make a hit with the bride (who was not present), so he remitted the fine of \$10 and told DeMyer to make his wife a wedding present of it.

ALL IS CLEAR FOR FULL STEAM AHEAD ON SEWER WORK

After all these months of hard work on the part of the Sanitary Board, we are going to have a sewer completed!

Our sewer will have its outlet in the San Francisco bay.

The last piece of right of way has been secured; the contractors have received the command "Go to it," and now the dirt will fly until the water can be turned in and you can get permission to "connect up."

It now seems that there can be no further possible difficulty presented in the sewer problem.

BABY HOSPITAL TO HOLD CARD PARTY

The Alameda County Baby Hospital will hold a luncheon and card party at Hotel Oakland Tuesday afternoon, November 18. Mrs. Laura A. Whipple has tickets for sale, and each one of these purchased will go to the credit of Washington Township.

Last Monday the Toyon branch met with Mrs. George Donovan, at which time a splendid report was rendered of the progress of the branch.

PIONEER OF THIS TOWNSHIP PASSES

Antone P. Machado passed away at his home in Centerville Tuesday, at the age of 96 years. He was a pioneer of Washington Township. His wife died about two months ago. The couple had been married for 61 years at the time of Mrs. Machado's death.

Deceased leaves to mourn his passing the following children: Joseph Machado, Livermore; Antone Machado of Centerville; Mrs. Mary Moore of Centerville; George Machado of Centerville; Frank P. Machado of Hayward; Manuel Machado of Centerville; Mrs. Louise Henry of Oakland; Mrs. Rose Telles, Mission San Jose; Miss Helen Machado of Centerville.

The funeral was held today from his late home.

VOYAGE SUCCESSFUL IN EVERY WAY, SNOW DECLARES, THOUGH MANY HARDSHIPS ARE ENDURED

Two Natives, Never Before South of the Arctic Circle,
Return With Party; Will Spend Winter
in the Bay District

Sidney Snow has returned home with his white polar bear!

After six months spent in the icy blasts of the Arctic, Snow returned Sunday on the good ship Herman.

"The biggest specimen of a polar bear I have ever seen in my trips to the Arctic," remarked Captain Lane of the Herman, as the crowds gathered for a glimpse of the big bear.

The Herman left the bay on May 23 on an expedition for the Oakland Municipal Museum and Snow promised to bring back a polar bear for the city zoo.

"In spite of the hardships we went through and the delays we experienced because of bad weather, the voyage was successful from every standpoint," Snow said.

PICTURES TAKEN DECLARED TO BE THE FINEST

"We shot thousands of feet of film in securing motion pictures, and I am satisfied that the whaling pictures we got will be the best that have ever been taken.

"It was the most thrilling experience of the whole expedition, and the pictures will be incomparable," he declared.

"Time after time the men risked their lives to harpoon the animals and the fight which resulted when the spear had been thrown nearly cost the lives of the men a hundred times. It was only by the quickest thinking and coolest brain work that disaster was avoided.

TORTURED WHALE INFLECTS INJURY

Captain Lane was the victim of an accident when a tortured whale turned upon the boat it was dragging on through the water. In its rush the whale flipped its tail over the bow of the boat and struck Captain Lane down. He narrowly averted being knocked out of the boat, and his arm was injured in the fall.

"Whales carried the boats at a rate of thirty miles an hour through the water, and death would have resulted from a false move in handling the tow rope."

NATIVES PEER AHEAD FOR LIGHTS OF SAN FRANCISCO

Two of the most interested passengers who stood on the deck of the Herman when she passed through the Golden Gate were Frank Miller and Paul Bernard, Eskimo natives of Nome, who have never before been south of the Arctic circle.

As the ship came down the California coast their eyes were strained for the first sight of San Francisco. It was dark when they came through the gate, but a few lights were twinkling near the Cliff House.

"It is fifty times bigger than Nome," Bernard shouted, thinking he had seen the lights of San Francisco.

They will spend the winter in the bay district, and then ship north again in the spring with the first of the fishing fleet to leave for Alaska.

SCHOOL ACTIVITIES OF WASHINGTON TOWNSHIP

JUDGE RICHMOND BACK AT DESK

Judge Richmond is again to be seen at his desk in justice court. This week he had the usual number of speed artists before him and also one cut-in fiend. W. H. Gregory of Glenwood was given his choice of parting with \$15 or spending 5 days in the collar for cutting in. He chose to leave the \$15 behind.

FIRST SOCIAL MEETING OF P.-T. A., OF CENTERVILLE IS PROPHECY AND PROOF OF ASSOCIATION PROGRESS

The Parent Teacher Association of the Centerville Grammar School held its first social meeting Wednesday evening, the 5th, in the school auditorium. The meeting was not only enjoyable, but proof and also prophecy of the Association's progress.

A short business meeting, with Mrs. W. L. McWhirter presiding, preceded the evening's program. The minutes of the last meeting and the constitution of the Association were read by Mrs. F. T. Dusterberry. Among other measures, Mrs. McWhirter brought up the case of the young son of Mrs. Nunes on Main St., who had been returned from the Arroyo Seco Sanitarium with a chronic heart lesion. Mrs. McWhirter asked the members of the Mothers' club to assist this mother in making the days of the consistently bed-ridden lad pass more happily.

The business meeting was followed by two splendid selections by the Grammar School Band.

Dr. Mullen, superintendent of the

Agnews state hospital, was the main speaker of the evening. Dr. Mullen's talk on the causes and prevention of insanity, especially in childhood, and the working of the subconscious mind, was most interesting and educational. "The sensitive and brooding element in the child," he said, "must be worked out of the mind by environment—even fought out if necessary."

Mr. Hodges, principal of the high school, spoke of the help a Parent-Teacher Association may be to the school and to the community, and hoped for the organization of a Washington Township Association in connection with the high school.

Sybil and Antoinette Botelho contributed two enjoyable piano duets. Refreshments completed the evening.

Mrs. Garret Norris was in charge of the nursery provided for parents who wished to bring their children.

The next meeting of the association will be held Thursday, Nov. 20, at two o'clock, in the school auditorium.

WASHINGTON UNION HIGH SCHOOL TALK

The following notes and comments relative to the goings-on of our high school students, are taken from the columns of "The Hatchet," the sprightly little school journal issued by the Washington Union "Hi."

Do the students of the Washington Union High School mean business? If you don't think so, read this:

At a recent meeting of the Associated Students the subject of studying was discussed, and a committee of students appointed by the president of the Association, Aubrey Laws, to investigate and report to the students on way to secure better results from the time spent in studying. The committee, consisting of Constance Lucio, (chairman) Virgil Cherry, Alvin Searles, La Verne Stivers, and John Bunting, presented the following report to the student association for adoption.

Purpose—To Raise Grade.
General Conditions for Good Work.
Sleep: Get eight to nine hours of sleep each night. It is essential.

Exercise: At least one hour of good hard exercise every day will

Hall's Catarrh Medicine
will do what we claim for it—rid your system of Catarrh or Deafness caused by Catarrh.

H APPEARS FIRST, W COMES SECOND 12-7 IS THE FINAL

Sometimes it takes a long time for SOME little items to get to the editor. Here is one of them. You remember that Washington Hi and Hayward Hi had a little football game on Hallowe'en eve.

Well, in some mysterious manner a big "H" was placed on the water tank, near where the game took place.

But finally the Washington Hi bunch discovered it and placed a big "W" above the "H", accompanied by the figures, "12-7."

SERVICE STATION CHANGES HANDS

Daniel Marble from Utica, New York, has purchased the Niles Service Station from Ray I. Caldwell, and took possession on Wednesday morning. Mr. Marble's wife is with him and they are truly in love with California climate in general and Niles in particular.

Mr. Caldwell expects to leave soon with his family for Oregon, where they will settle. The Caldwell's have made many friends in Niles who will sincerely regret their departure.

Vallejo—Construction of new city hall to be under way by January 1. San Francisco—12,000,000 Medico Dental building started.

Santa Ana—Industrial Land Co. buys 9-acre tract to be subdivided for factories.

San Mateo—Paving of Crystal Springs road begun and will be rushed.

Los Angeles—13 story \$1,000,000 Medico-Dental building to start soon.

NILES SCHOOL NEWS MARION LAWS Editor

The Niles Grammar School team wore their new suits for the first time Wednesday. They celebrated the occasion by defeating Centerville 22 to 1. The Centerville boys are good sports and know how to lose and still have a smile on their faces. There was a homerun made by Will.

The boys' lineup was:
James Cull, 3b.
Richard Davis, s.s.
Jose Delgado, 2b.
Will Lamfri, 1b.
Joseph King, l.f.
Anthony Fields, c.f.
Joe Perry, r. f.
Raymond Duarte, c.
The boys thus far haven't lost a game. They play Decoto Tuesday.

Miss Van Hagen, from the state department of physical education, was a visitor at the school.

Miss Doris Destrella of this school was given a surprise party Monday evening by her classmates. Everyone had a good time and were sorry when the time came to leave.

CHRIS RUNCKEL ELATED OVER WATER VICTORY

Chris Runckel, former Niles newspaper man, was a visitor at The Register office a few days ago. Mr. Runckel is secretary of the Alameda County Water District, and is highly elated over the outcome of the Mokelumne project on election day.

Mr. Runckel gives out the following interview for publication:

"The success of the \$39,000,000 Mokelumne River bond issue authorized by the people of the East Bay Municipal Utilities District ushers in a new era for the entire East Bay district. Its bearing upon the future of the Alameda County Water District will be very important.

"It holds out the hope that in the not far distant future the policy of the people of the eastbay cities in the matter of pumping from the underground water supply of these two districts will be quite different from that of the East Bay Water Co. It means that another source of water supply in the Sierra Nevada mountains in addition to the Hetch Hetchy supply for San Francisco will be developed for the use of the bay region.

"With two large sources of supply in the Sierra Nevada mountains being drawn upon for the use of the cities it is natural to expect that diversion of water from the Alameda Creek area will be checked and eventually greatly diminished.

"It is very gratifying to know that the people of the East Bay cities have at last taken the big progressive step that promises in the future to restore to the farming section of the county the opportunity for future development which has been so greatly threatened by the private water monopolies.

"The next few years will be the hardest we will have to face but the end is at last in sight. The completion of the Hetch Hetchy project by San Francisco is practically assured. The completion of the Mokelumne project by the East Bay District is now also made certain. The future of the Alameda County Water District seems to me much brighter now than at any time in the past twelve years."

San Mateo—Contract to be awarded for construction of \$250,000 theater on Third avenue.

HORSES BOUGHT AND SOLD

I am in the market for your chicken feed horses at highest prices. I remove dead horses and cows immediately upon notification. I buy and sell all kinds of live stock at highest prices. Frank Pemental, Niles. Phone 132.

dancing on the stage to the music of the school orchestra. The dance will be a success, of course. So everybody have on your dancing shoes for the fourteenth.

The other three classes have selected the following for their concessions:

Juniors: Bad Man's Cave.
Sophomores: Candy Vendors.
Freshmen: Fish Pond and Hot Dogs.

Among many other concessions, are two plays by dramatic clubs, boxing by boys' athletic classes, oriental gift shop, and many others.

These all will surely prove very successful as everyone is already very enthusiastic and in earnest about the coming "evening of fun."

ALVARADO SCHOOL NEWS Norman Peixotto, Editor

Alvina Santos celebrated her 4th birthday Nov. 11. There were ten little folks present in the afternoon, seven grown-up folks were present in the evening.

Miss Gifford, our new teacher, is now in the new room teaching part of the second and third grades. The desks were put down last week.

Many of the Alvarado people are planning to attend the Washington Union High School carnival the 14th. It is being held for the benefit of the school.

The campaign at the sugar mill closed last Wednesday morning. They finished running through the beets, but still have brown sugar to finish.

On Nov. 10th, the eighth and the seventh grades of Alvarado school visited the Alameda Sugar Company's mill. Mr. Jehl went with us to explain how sugar is made. The next day we wrote about what we saw at the mill.

The remodeling of the I. O. O. F. hall is progressing rapidly. They have finished the construction on the inside and are now fixing up the rustic on the outside.

Yesterday we had our first lesson in singing this year. Miss Gifford is our singing teacher. Our sewing day is changed now because of the singing. We have sewing on Mondays and Thursdays, singing on Fridays and Tuesdays.

The boys' baseball team of the Alvarado Grammar School are to play soccer ball during the winter months. They hope to play Irvington and Alviso at Alvarado. They also expect to play Newark and Centerville in the near future. Alvarado has a new lineup, as follows:

Wilbert Hendricks, catcher, pitcher; Harold Phillips, pitcher, catcher; Joe Lemos, 1st base; Norman Peixotto, 2nd base; Toshi Sato, 3rd base; Melvin Skow, short-stop; Raymond Perry, left-field; Raymond Fugil, center-field; Eddie Fugal, right-field; subs, Manuel Amaral and Frank Vargas.

CONGREGATIONAL CHURCH HOLDS SPECIAL PROGRAM

The service last Sunday morning at the Congregational church was well attended. Prof. Hodges of the Washington Union High School gave a short address and there was a fine program of musical selections by Mr. and Mrs. Moyer of Pleasanton, formerly of Niles; Mrs. Antrim Bunting of Mission San Jose, and Mr. Gatchell of the high school. As representative of the Boy Scouts, Master John Bunting was seated on the pulpit platform.

Los Angeles—Highway department ready to spend \$200,000 to keep road open to Yuma, Ariz.

LOCAL CELEBRATION NATIONAL BOOK DAY

The 6th annual celebration of Book Week is now being held all over the country. Its aim is to assist in cultivating a love of reading and to develop a discriminating taste for good reading. The cooperation of parents and teachers is necessary of the best results are to be secured. Washington Township will celebrate Book Day on Thursday, Nov. 20. The place, Centerville Grammar School, and the time, 3 p. m. The meeting will be under the patronage of the Centerville Parent-Teacher Association. Mrs. Mitchell, a trained children's librarian, will give a talk on the general subject of books and reading for children. All parents and teachers of Washington Township are cordially invited and earnestly urged to attend.

GROUPS WILL REPORT AT COUNTRY CLUB MEET

The Country Club of Washington Township will meet Tuesday, Nov. 18th, at the club house. There will be reports from the various reading groups on the work they are doing. All members of the club are invited.

Compton—Samson Tire Company will enlarge factory.

. Impressions.

"The Moving Finger Writes"—and whether the "writer" uses pen, or typewriter, or press, to carry the message, the result depends on the impression created

In printed matter the impression depends upon quality of stock, of workmanship, and the care and thought used in its preparation.

Our Quality Printing can be depended upon to impress the character and ideals of the user.

Livermore Scores A Point

RUMOR (our old friend Rumor) says our sister city of Livermore over the hill is so sore over defeat in the supervisorial contest that she is talking of running a "write-in" candidate at the general election.

* * *

So wrote the Moving Finger on September 11, adding that we hoped the rumor was not correct.

This matter has evidently been sticking in the craw of Brother Henry of the Livermore Herald from that day to this, and now he coughs it up. Mr. Henry sends us the complete tabulation of the vote in Murray Township, showing that the voters there were loyal to Judge Richmond, he having received at the general election 991 votes—more than that given any other single candidate. Good for Murray Township and Livermore! We herewith pass along Mr. Henry's letter:

"Livermore, Calif., Nov. 8, 1924.

"Township Register,
"Niles, California.

"Friend Sanford:

"An old saying in which I take a great deal of stock is that "all things come to him who waits"—and I have been waiting since last September to prove a point to 'The Moving Finger,' namely, that your accusation that 'Livermore over the hill is so sore over defeat in the supervisorial contest that she is talking of running a write-in candidate at the general election.'

"That was bunk and an unfair slam at Livermore, and at the time I was sorely tempted to write The Register and tell its subscribers that Livermore was 100 per cent behind the new supervisor, excepting of course those few malcontents and trouble-makers, who are wholly irresponsible, no matter who wins. Mr. Richmond had spoken to me some days previous to your article regarding a write-in candidate, and after assuring him that there was no disposition to run a candidate against him and I took the time to investigate. I went to every man whose name had been mentioned as a possible candidate and each and every one denied even having thought of such a thing. Further investigation brought out the fact that the talk all came from Oakland, and while I can't prove it I have good reason to believe that it came from certain people who wished to discredit Livermore in the eyes of the new supervisor.

"Now, with all that off my chest, what I am driving at is—the vote for Supervisor Richmond Nov. 4th in Livermore and Murray Township. The attached table shows that he received 991 votes. At the August primary Mr. Knox received 1110 votes and Mr. Richmond 407. Even admitting the difference in the total vote I am sure that 991 votes (within 119 of Knox's total) is a mighty nice complimentary vote. It shows that nearly 1,000 people in Murray Township took the trouble to look for Mr. Richmond's name and vote for him, in spite of the fact that there was no contest or any effort made to get out a vote for him.

"Some other interesting points are these—Mr. Richmond received the highest number of votes cast for any candidate or any measure in Murray Township, even surpassing such Livermore Valley favorites as Judge Church, Judge Koford and Judge Wood. Also—in 1922, after Knox had defeated Judge Mattos in the primary, he (Knox) received 1020 votes at the general election, or only 29 more than Mr. Richmond received this year.

"Now we trust that the 'Moving Finger' sees how Livermore takes defeat, and is willing to hand it right back to the trouble makers by telling its readers about the vote in Murray Township Tuesday. I have no desire to "write a piece for the paper," or dictate to the "Moving Finger" but if you want to use any of the facts presented here to set Livermore right with Washington Township, I think it would be a nice thing to do, and would, moreover, tend to put those of us who believe

in harmony and co-operation in a better position to work together for the benefit of all concerned.

"As far as the Livermore Valley is concerned, Mr. Richmond will go into office with our best wishes and whole-hearted support, and the belief that he will give us fair and impartial representation on the board of supervisors—and the situation was just exactly the same in September.

"Now I have waited and had my opportunity to present proof of Livermore's side of the question, and I want to close by telling you that THE REGISTER is showing more pep, life and real class than at any time in its existence.

"With best personal regards, I remain,

"Very truly yours,

"M. R. HENRY."

* * *

* * *

We are glad Brother Henry has this off his chest. Not sorry he thinks the RUMOR all came from Oakland, which it DID NOT. But that is HISTORY and Livermore has shown the spirit of a GOOD LOSER. Brother Henry and Sister Livermore, we reach our outstretched hand over the hill and grasp you with the right hand of fellowship and better understanding. May that stretch of dirt road between us be paved by the time you put on your next rodeo that Washington Township may visit your show en masse and that you may come down and help us celebrate the casting off of our swaddling clothes when we become an incorporated city.

—0—

DID WE "PURSUE" HIM? SHUX!

A London newspaper is greatly shocked because the Press of the United States "pursued the Prince of Wales during his visit on Long Island."

Nonsense! The press didn't "pursue" the prince at all. It's still a deep dark mystery (?) to the nation as a whole, how and where the prince spent his nights out!

Had any prominent American set such a pace as Wales did while at Syosset, we would soon have been knowing about it in the minutest detail. But the reporters courteously abstained from trespassing on the privacy of the visiting royalty from Great Britain.

It's true, of course, that mobs of folks fought to see the prince play polo. That, however, was out of curiosity as to his ability to sit on a horse.

—0—

NO SAFETY RULES HERE

Q. When is the safest time to kiss a girl?

A. We should say just after the wedding ceremony.

—Washington Bureau.

Jerusalem, what an answer to broadcast among the kissing young men of this country! After the wedding, when there's no question of safety!

Huh! It all depends upon the sort of girl, and there isn't a rule on earth that will work on all occasions, even with the same girl.

No sir, there's no safety rule about kissing a girl, and any young married man will testify that the after-the-wedding advice isn't worth a continental hoot to any bachelor setting forth to seek whom he may devour, osculatorily speaking.

—0—

WHAT THEY REALLY SAID—

Ben Hur: I wish these blasted chariots had balloon tires.

Socrates: Gosh all HEMLOCK, but this is a good drink!

Rip Van Winkle: Thunder! I've overslept, and the boss said he would fire me if I was late again.

William Tell: Hold still, son! This old eye ain't what she used to be!

Satan: The profiteer who just came down here was so greedy I almost had to give him sell!

Juliet: Romeo may be good on a guitar, but he's no second story worker.

Pocahontas: John Smith! Wat an odd name!

Aladdin: I'll rub this lamp up a bit and maybe I can hock it.

Eve: I don't like Adam's Adam's apple.

Ancient Mariner: Water, water everywhere, but I'll take my whiskey straight.

Shylock: I wish he did have something on the hip.

Daniel: Nice pussy!

—0—

Honesty is the best advertised policy.

A wife is a person who thinks her husband is so weak minded that bad men can entice him to misbehave.

Anybody used to be able to marry if he could support a wife, but nowadays he must be able to support a car, a wife and an automobile mechanic.

To be of greater service, hence: a Bureau of Public Relations

Public good will or good public relations is fundamentally dependent upon good service. Service is largely dependent upon men—money—material and as each function, so will the service be rendered.

Our Bureau of Public Relations specializes on complaints—their correction and prevention. It encourages constructive criticism and welcomes suggestions from our patrons and the public—that good service may be maintained or further improved.

It strives to inculcate the spirit and secure the application of the Golden Rule in all business relations between the company and the public it serves.

Lubrication Questions Answered by ASSOCIATED OIL COMPANY Staff of Automotive Engineers

Question: What is the lubrication problem in connection with sleeve valve motors?

Answer: A study of the construction of sleeve valve, or Knight motors, will show that the addition of the sleeves will increase the surface which will have to be lubricated. It is imperative that these sleeves be thoroughly lubricated in order that the engine will run freely. The addition of the two sleeves into the cylinder also adds approximately one half an inch to the thickness of the cylinder wall. This means that the heat which must be conducted from the combustion chamber to the water jacket must travel through this additional half-inch of metal.

If there is not a proper seal between the sleeves this heat will not be conducted, causing the engine to operate at excessive temperature. It is one of the important functions of the lubricating oil to form this seal between the piston, sleeve and cylinder wall and in this manner permit the heat to be conducted to the water jacket.

Experiment has shown that the

proper grade of lubricating oil for this purpose is a special heavy grade. Contrary to general belief, it is not necessary that the lubricating oil used in the Knight motor deposit a great amount of carbon. Where carbon is required for successful operation of a Knight motor is in back of the junket ring, located at the cylinder head. Carbon formed behind this ring causes it to expand, making a tight seal with the piston. Most manufacturers of Knight Motors accomplish this purpose by drilling bleeder holes which will conduct the oil to the back of the junket ring where the heat will bake rather than burn it, forming the necessary carbon.

Question: I experience considerable difficulty in keeping the tracks of my Caterpillar Tractor lubricated—what can you recommend?

Answer: The practice of using an old crank case oil for lubricating tracks has proved more or less successful, although the best product for this purpose is a very heavy black grease. This type of product is usually very adhesive and "tacky"

25 Years Ago

Through the kindness of Mrs. Laura A. Whipple, The Register is permitted to reproduce an article published 25 years ago telling of an interesting event in the lives of 59 little tots and many older ones. The article reads:

A DAY OF DELIGHT; KINDNESS OF RAILROAD CO. AND MR. J. E. JACOBUS OF NILES.

A delightful day's outing was offered the little tots of the Central Free Kindergarten on Third Street, near Broadway, yesterday, through the kindness of J. E. Jacobus and the Southern Pacific Railroad Company. In response to an invitation from Miss Maud Jacobus to spend the day at her home, 59 little ones, in charge of three teachers, started on their journey at 9 o'clock. Arriving at Niles, they were met by Mr. Jacobus, who had provided buses and carriages to convey them to his home, about a mile outside of the town. The children were made happy by gifts of fruit and candy. A generous lunch was provided in the tennis court and some of the neighbors came in with boxes of apples, oranges and other good things for the feast, which was served at noon. The little ones thoroughly enjoyed the spread and the day in the country. During the afternoon the little ones went through the kindergarten games on the lawn, and at 5:30 o'clock, returned to town tired, but happy. The young ladies who accompanied the children were Miss Maud Jacobus, Miss Marguerite Williams and Miss Maud Gerald, teachers in charge of the kindergarten. The children were given the whole run of the almond orchard and handsome grounds of the Jacobus place an abundance of fresh milk. This was their Thanksgiving outing of the little ones and was a day long to be remembered.

Superintendent A. D. Wilde took a personal interest in the excursion and placed a special car at the disposal of the children without cost and it was switched off at Niles and picked up on the return trip. They left at 9 a. m. and returned at 5:15 in the afternoon.

TRY THE OPERATOR'S WAY OF SAYING THEM

Telephone operators are taught voice technique, but many telephone subscribers keep on calling numbers without giving much if any thought to the manner in which a word is pronounced. Perhaps some mistakes might be avoided by taking a leaf from the operators' own book of instructions.

The next time central repeats the number you call, you will notice she makes a slight pause between the hundreds and tens, as for example, Mission 4296, which she renders: Mission 42 (pause) 96. Then again in repeating digits, central uses an interesting system in pronunciation which might be copied with satisfactory results. Here is the way she usually does it:

- 0—to be spoken as "OH"—with a long O.
- 1—as "WUN" with a strong N.
- 2—as "TOO" with a strong T and a long OO.
- 3—as "TH-R-E-E" with slightly rolling R and long E.
- 4—as "FOER" with long O.
- 5—as "FIVE" with long I and a strong V.
- 6—as "SIX" with a strong X.
- 7—as "SEV-EN" with two distinct syllables.
- 8—as "ATE" with long A and a strong T.
- 9—as "NIEN"—one syllable, and with a strong N on the end.

and should cling to the working parts readily.

Question: What effect has fuel upon lubricating oil?

Answer: The nature of the fuel, or gasoline, used in any car has much to do with maintaining the quality of the lubricating oil. If the gasoline is not volatile, and will not entirely burn, considerable of the fuel will find its way into the crank case.

We have discussed the subject of crank case dilution in previous issues and will only state here that all the crank case dilution is not the fault of the fuel alone, as indiscriminate use of the choke, improper adjustment of the carburetor, and other factors, enter into the matter. It is well, however, to standardize upon one grade of gasoline, as this will do much to remedy this condition.

Question: Is aviation oil suitable? Answer: No. There may be a few exceptions where extremely heavy grade of oil, such as used in aviation motors, may work successfully in an automobile engine.

An aviation engine runs at high speed and operates under full load practically the entire time that the engine is in use. This calls for a very heavy bodied oil to meet the severe conditions of bearing pressures and thrusts which will be found in a motor operating at full load. An automobile engine does not operate

SISKIYOU COUNTY, THE HEAD OF OUR STATE

Where Beautiful and Inspiring Mt. Shasta Arises

Keystone of the tier of California's counties, and one of the largest in the state, Siskiyou county is known as "the head of California." The Pacific highway, main motor north and south. The Klamath river artery from California to Oregon and the Pacific northwest, bisects it laterally running westward from Yreka, the county seat, via Happy Camp and Orleans, connects the Pacific highway with the Redwood county roads, unpaved but very well Highway on the coast. A system of maintained, radiates to all important points.

Being the junction point of two great mountain chains, the Coast Range and Sierra Nevadas, four-fifths of Siskiyou county is mountainous, and in its perpetual snow originate two of the state's great rivers, the Sacramento and the Klamath.

There is no more beautiful and inspiring mountain than Mt. Shasta, the gem of Northern California, and Siskiyou's outstanding attraction. Towering 14,162 feet in elevation, its snow-covered summit is visible the year 'round from an area greater than that of many eastern states. Situated in the center of Shasta national forest, which takes its name from the mountain, it is only one of the attractions of this region of natural wonders.

Adjacent to it are found Medicine and Castle lakes; the McCloud river, famed for its beauty and fine fishing; cinder cones, pumice and obsidian mountains, ice caves and lava beds. Here are the headwaters of the Scott, Trinity and Sacramento rivers, and practically all of the McCloud river.

The Castle Crag, which share their glories with Shasta county to the south, may be readily reached from Dunsuir in the canyon of the upper Sacramento river. At the headwaters of this famous stream are many resorts where summer visitors revel in the forest beauties and camp beside trout streams.

Northward is the famous and the beautiful Klamath Lake region, Lower Klamath lake lying mostly in Siskiyou county. Klamath river, largest of the rivers flowing through the county, is a turbulent mountain stream and its towering bluffs furnish some of the most picturesque scenery of the north. The scenery in the Marble Mountains of western Siskiyou is unexcelled.

Mining has been, and still continues to be one of Siskiyou county great industries, and since the discovery of the fabulous "diggins" at Yreka Flat in 1851, nearly \$150,000,000 in gold has been taken from its mountains, which even yet yield some \$600,000 each year. Siskiyou is one of the big lumbering districts of California, and one-fifth of its population is engaged in felling forests and converting them into fine-grained lumber, sash and doors, boxes and shingles. At Weed one of the largest sash and door factories in the world employs 1500 men.

WONDERFUL POSSIBILITIES OF GREAT BEACH RESORT ON SAN LEANDRO BAY

(From The Cherry City News)
The beach of San Leandro Bay, two miles west of this city, possessed of the warmest salt water and the cleanest white sand for a floor on the California coast, is the ideal situation for a bathing resort. The dunes, which once bordered the shore, have long since been hauled away to be used for plastering our houses and laying brick. However, the friendly waves continue to draw on the submarine supply and pile the sand on the beach and the hauling away has long since been entirely stopped.

The pioneers of the eighteenth century foresaw plainly that California would soon be an empire by reason of its climate and unsurpassed resources and that San Francisco bay would be surrounded by the world's greatest metropolis. Likewise, the early settlers hereabouts knew that San Leandro Beach would some day be the favored watering place for the millions of inhabitants.

That the vision of our fathers has remained only an aircastle to this day has been due to the fact that knowledge of the conditions has not yet reached the right people, that is, those who know how to handle such a project and have the capital with which to do it.

Oakland—Twelve-story apartment house to be erected on shores of Lake Merritt; estimated cost \$750,000.

at full load more than 10 per cent of the time, so it can be readily seen that the oil is not subject to the severe service conditions that it would be in an aeroplane motor.

Straws in the Wind

By E. B. S.

A church has been built in the Loop in Chicago—the new First Methodist Episcopal. This veritable skyscraper is 19 stories above the basement, with a 556 foot spire to top off with. The cameraman had to stand at four different elevations to get all the picture and then piece it together afterwards. And all this in the name of Him who hadn't the where to lay His head!

After five years the Supreme Court of the United States, in a decision which ought to put an end at once and for all time to the terrorist methods of police, has granted a new trial to Ziang Sun Wan, accused in 1919 of the murder of three men found dead in the Chinese Educational Mission in Washington. After being tortured at various times for eleven days he confessed, a confession which he afterwards repudiated. Such methods, which for a number of years have been used to extort confessions from foreigners, negroes, poor people, and those of unpopular opinion.

There were a number of clean windshields last Wednesday morning.

We had a real old fashioned downpour upon Saturday night.

Mrs. B. Mickle has returned from the hospital but still feels the effect of the accident.

Mrs. H. Bodutch entertained the "Sweet 16" on last Thursday, at the close Mrs. Hygelund carried off the first prize, Mrs. Christenson second, and Miss Miranda Norri, slams. Delicious refreshments were served and a fine social time enjoyed. The next will meet with Mrs. Christman on Nov. 20.

Mrs. Thos. Foley of Los Angeles has been spending the week with Mrs. Jelleff. She returns this week.

Mr. and Mrs. J. Fitting and Mrs. Jelleff entertained the younger set Saturday night. About twenty-four were present. Owing to the storm there was great difficulty in starting the autos. In fact several remained out over night. All had a delightful time just the same.

Mrs. French of San Francisco visited her sister, Mrs. Mary Smith, last week, and Miss Meyers of San Francisco also was her guest over the week-end.

Rev. Z. Vincent returned at the week-end, and while he had improved he went again Monday and will take the treatment another week.

Mrs. Geo. Emerson entertained a number of Alameda and San Francisco relatives and friends at a luncheon on Thursday.

Mrs. F. T. Dusterberry was hostess Wednesday afternoon to several of her Niles friends.

Mr. and Mrs. J. R. Blacow have returned from a few days' stay in Oakland.

The Ladies' Aid Society of the Presbyterian church will hold their annual bazaar at the church Saturday afternoon, December 6th.

The house belonging to W. W. Walton, formerly occupied by A. A. Gronley, is being remodeled into a modern home.

Mrs. Mary Gregory has gone to Berkeley, where she is visiting her niece, Miss Etta Graham, for a time.

Mrs. Percy Bell and two children, Billie and Betty, returned to their home in Crockett after a three weeks' visit with her parents, Mr. and Mrs. A. S. Bell.

Mrs. Frank Dusterberry entertained twelve of the Niles ladies at a luncheon at her home. After the luncheon cards were played.

WARM SPRINGS

Miss Margaret Breitwieser is spending a few days in San Francisco and Oakland this past week.

Mrs. Lulu Kell and daughter Hazel from Niles were visitors in town recently.

Mr. and Mrs. Frank Bruno, Jr., have rented their ranch to Mrs. Geary and sons of Irvington, and have moved to Campbell, where Mr. Bruno is interested in the battery service.

Mrs. Antone Vargas, who has been quite ill the past week, is recovering.

The farmers here are busy pruning their orchards and some are putting their tractors in readiness for plowing.

A violin belonging to Rosalie Sarmiento, Warm Springs school girl, which was stolen from the school, has been found in a San Jose pawn shop.

NEWARK

The Ladies' Aid of the Presbyterian church will give their annual sale and social on Friday afternoon, November 21, in the Sunday School rooms.

Rev. Dr. Curry and Mrs. Curry were down from Oakland for the week-end visiting friends in his former parish.

Mrs. Beardsley was on the sick list this week, but is better.

The Rev. James Curry preached in the Presbyterian church last Sunday morning.

The members of the Glad Game class of the Presbyterian Sunday School gave a social this week to the rest of the school and friends.

Susanville—Shoulder construction progressing rapidly on San Joaquin county roads.

MANY INTERESTING THINGS ARE BROUGHT OUT IN INTERVIEW WITH FORMER CENTERVILLE WOMAN

The following article taken from "The Wilson Board," organ of the Wilson College, Chambersburg, Pa., will be of interest to many in Washington Township, as Dr. Overacker is well known here, having been born in Centerville. Through the courtesy of Mrs. Bunting, we are permitted to reproduce the article, as follows:

"What a difference atmosphere makes! Dr. Overacker's room was so cheery and homey that it was hard to get into the frame of mind suitable for an interview. But hardly had she begun to talk when I became not an interviewer, but an interested listener.

Dr. Overacker is a Californian by birth and has lived in the West most of her life. She took up her undergraduate work at Stanford University. There she was interested not only in her studies, but in athletics as well. She spoke of the Inter-Collegiate fencing contests in which she took part; also, of basketball, baseball and tennis. She is still very much interested in sports. Only yesterday I saw her playing a good game of tennis. She claims that she is no "champion," even though she was born in the same town as Helen Wills. To add to her list of athletic activities, Dr. Overacker is an experienced horse woman; and she loves to ice skate.

During the World War, Dr. Overacker did government work at first in Washington, then in France. For three years she was Research Assistant at Vassar. She comes to us straight from the University of Chicago, where she received her Doctor's degree.

"Dr. Overacker loves the cold winters we have in the East, but in the summer would rather go home to California, where it is cool. Although she has not been here long enough to know them, she likes the girls, also.

"Dr. Overacker's only suggestion was a very justifiable one. She would like to see Debating become a potent factor in our college life. At Vassar, debating is carried on in conjunction with the Political Science Club, and Inter-Collegiate debating is quite the thing. If we had a well-organized Debating Society, Inter-collegiate debating might be held between Wilson and Hood, or Wilson and Gettysburg. "We were glad to hear Dr. Overacker's suggestions, and we are above all else glad to have her with us at Wilson.

MISSION SAN JOSE

John A. Bunting is again at his various duties after having undergone an operation for tonsillitis.

CERTIFICATE OF PARTNERSHIP DOING BUSINESS UNDER FICTITIOUS NAME.

KNOW ALL MEN BY THESE PRESENTS, That we, the undersigned, do hereby certify that we are co-partners, transacting business as such, under the firm name and style of "J. & L. CATTLE CO." in the County of Alameda, State of California; that the names in full and the respective places of residence of the persons interested as partners in such business are as follows, to wit:

J. S. Leal, Sunol, Alameda County, California.

Geo. P. Hellwig, Hayward, Alameda County, California.

Victor Lagrave, Hayward, Alameda County, California.

That the undersigned are the sole and only owners of said business, and the only persons who have any interest therein.

Dated, October 28th, 1924.

—CAUSE ITS NEWS!

The Ladies of the Maccabees will give a turkey whist in I. O. O. F. hall Wednesday evening, November 19.

Mr. and Mrs. R. O. Moyer and daughter, Miss Cheryl Moyer, were visitors in Niles Sunday from Pleasanton.

Mrs. Chittenden left on Wednesday to spend some time with her granddaughter, Mrs. Raymond Ingram, in Gridley.

Mrs. Drinkwater's young daughter Ruth has been ill and absent from her place in school.

The Bridge Club met on Tuesday afternoon with Mrs. Clarence Martenstein. Mrs. Kirke played for Mrs. Drinkwater who was absent because of her daughter's illness. Highest scores were made by Mrs. Chester Hatch and Mrs. Mayhew. The next meeting will be held at the home of Mrs. Robert Drinkwater on the second Tuesday in December.

Mrs. Robert Fisher and Mrs. Robert Drinkwater are the prize chrysanthemum growers of Niles—some of their blooms being of most astonishing size and perfection.

Mrs. Margaret Bell of San Francisco is visiting for several days this week with Mrs. Chittenden at Belvoir.

Mrs. Adamson was a Niles visitor from Decoto this week.

GREENWOOD PHARMACY TO OCCUPY STORE IN NEW CAVANAUGH BUILDING

Greenwood's Pharmacy is to occupy one of the store rooms in the new Cavanaugh building now being erected in Niles. Mr. Greenwood says he will have the finest store between Oakland and San Jose when he gets into his new quarters.

J. Lovell Scott will occupy the opposite side of the building from the pharmacy.

There will also be a ten-foot store room in the center of the building which is eventually to be used for a stairway when the building is enlarged to two stories.

The tenants expect to occupy the new building by the first of the year.

BELATED ELECTION RETURNS

Owing to a "miss-hitch" in last-minute proceedings last week, The Register omitted giving the vote of Niles electors on important issues in the election. Though late, we now give the returns on the principal issues:

PRESIDENTIAL

For Republican electors 296
For Democratic electors.....43
For LaFollette electors.....125
For Prohibition electors.....000

CONGRESSIONAL

For Congress—
Albert E. Carter 287
Herbert L. Coggins 25
John L. Davis 109

STATE SENATE

For State Senator—
E. H. Christian 278
Harry L. Davis 133

SUPERVISORIAL

Ralph V. Richmond 412
For Water and Power Act, 64; against, 266.

Ad Garfield, who conducts a physical culture school in Oakland, was a Niles visitor on Tuesday.

Attorney Edward Williams and Mrs. Williams were Niles visitors from San Leandro on Wednesday.

Mrs. Roland Bendel's family gathered in "twelve strong" Sunday from Mill Valley, San Mateo and Modesto, the occasion being a birthday dinner for Mrs. Bendel. It was a happy reunion, some of the family not having seen one another for five years.

The Niles Fire Department was called out today to the Sim Stivers place to quench the flames started about the chimney in the kitchen. About \$25 damages is reported.

Eleanor Fonte, one time of Niles, now mostly of Oakland and sometimes of Los Angeles, was a visitor here on Tuesday.

Sophus Johnson, formerly in business here, but now of Hayward, was renewing acquaintances here this week, and introducing his new line of business, that of the Mutual Benefit and Accident Association of Omaha.

J. Charles Jordan, publicity man for the P. G. & E., was a visitor in Niles from Oakland on Monday. Jordan notes considerable improvement in this section since his last visit.

C. L. Wesinsky, formerly an employee of the S. P. here, later of San Francisco, and latest of all of a San Francisco hospital, has been in town this week on a visit with Paul Knudsen.

Prof. A. C. Roth, comptroller of Stanford University, will address the boys at Washington Union High School this (Thursday) afternoon.

Lawrence Bunting of San Jose is wearing a broad smile because his wife presented him with their fourth baby boy on Saturday last.

NILES FIRE DEPARTMENT ANNOUNCES COMING FARCE COMEDY, DAFFYLAND, TO BE GIVEN HERE 4TH OF DECEMBER

Play Receives Name from a Cannibalistic Island Peopled Only by "Nuts" and Headhunters; Now Use Your Imagination!

In an announcement made to this office by Waldo T. Weaver, amusement director for the Niles Fire Department, Mr. Weaver states that rehearsals are now under way for the new play to be presented at the Niles Theater on Thursday night, December 4. The new vehicle is entitled "DAFFY LAND" and we are informed that it is all that the name implies. The scene is laid in a cannibalistic island once owned by the Turks, and in days before the establishment of insane asylums.

The Turks had the happy faculty of getting rid of their unfortunate insane by deporting them to this island. The fact that other than a tribe of savage head hunters and these poor unfortunates, no one else lived there, gave it its name—"Daffy Land." Being left to their own resources these people established a small kingdom of their own. We will leave the rest to your own imagination. Can you conceive what might happen under those conditions?

SCENE PLOT

Act One—Palace grounds of His Royal Highness King Fuzzie Wuzzie. On the Island of Daffy Land. Scene Two—Same as Act One, a day later.

CAST OF CHARACTERS

King Fuzzie Wuzzie.....Waldo T. Weaver
Count Slickem.....Bert Rathbun

Cannibals, Sailors, etc.—Creed Dominichi, Frank Silva, Ed Lucas, Billy Silva, Ray Davis, C. B. Crane.

MUSICAL NUMBERS

Musical numbers will include—"Maytime," "June Night," "The Pal that I Loved Stole the Gal that I Love," "Patsy," "Rock a bye Baby Blues," "Tessie," "Charley My Boy," "When I Was a Dandy and You Were a Belle," "A New Kind of Man," "Follow the Swallow," "No body's Child," "Doodle Doo Doo."

NILES MAN BURNED WHILE TAKING SNAILS FROM OVEN

Frank P. Carey is recovering from a severe burn on the right hand, caused by assisting his mother-in-law, Mrs. Chris Keller, in her daily task. Mr. Carey's rapid recovery is largely due to first aid rendered by his wife, Jane Carey. Mrs. Carey is also among the afflicted, having a nice large felon on her right hand.

LADIES' GUILD APPOINTS COMMITTEE FOR BAZAAR

The Ladies Guild of the Congregational Church has appointed the following committees for the bazaar to be held in the church on November 21:

Home Cooking—Mrs. E. A. Ellsworth, Mrs. J. B. Bernard, Mrs. A. Kennard and Mrs. J. V. Mann.
White Elephant—Mrs. Ralph V. Richmond, Mrs. F. O. Trask.
Fish Pond—Mrs. J. E. Townsend, Mrs. Grant Mardin.
Candy—Mrs. Robert Drinkwater, Mrs. E. O. Walpert.
Tea and Coffee—Mrs. H. C. Roland, Mrs. J. Alberg, Mrs. Allan Goozee, Mrs. E. Arenberg, Mrs. J. V. Mann.
Posters—Mrs. H. C. Rowland.
Fancy Work—Mrs. H. B. Ellsworth, Mrs. C. Tillors and Mrs. M. M. Hudson.

DR. A. M. DEEBO

CHIROPRACTOR

The basic principles of Chiropractic—the Better Way to Health.

- (1) A vertebra becomes displaced.
- (2) It presses on a spinal nerve.
- (3) This pressure obstructs nerve impulses.
- (4) Organs deprived of nerve supply ultimately become diseased.
- (5) Adjustment of vertebra replaces it in its normal position.
- (6) Pressure is then removed from nerve.
- (7) Nerve impulses again flow to affected organs.
- (8) Health is the result, instead of disease.
- (9) Don't condemn but investigate.
- (10) Delay is dangerous; act at once.

Drop in at The Register office and leave your name, phone number and address, and Dr. Deebo will call on you. Treatments in your own home. Consultation free. Don't hesitate to ask.

POPULAR PROGRAM FOR THE EAST BAY LOVERS OF MUSIC

Meeting the widespread demand of East Bay music lovers, the San Francisco Symphony orchestra, Alfred Hertz, conductor, will open its Oakland and East Bay season with a popular program on Thursday evening, Dec. 11th.

This will be the first of seven symphony concerts which in turn form part of a program of ten musical events offered in combination with three recitals by the San Francisco Chamber Music Society.

"Every year the symphonies are attracting more and more attention," says Miss Potter. "East Bay folks are finding keen enjoyment in the art of Alfred Hertz, in the wonderful technique, execution and absorbing renditions of the symphonic artists. Then there are the delightful chamber music recitals, offering that intimacy that no other form of music presents. It is a happy combination that brings these two sets of artists to Oakland and the East Bay this season."

The popular symphonies will alternate with what are known as regular symphonies. The combination chamber music and symphonies will be held on the following dates: Popular Symphony, December 11; Chamber Music, December 15th; Regular Symphony Jan. 8; Chamber Music, Jan. 13; Popular Symphony, Jan. 22; Regular Symphony, Feb. 12th; Popular Symphony, Feb. 26; Regular Symphony, March 12; Popular Symphony, March 26.

All the events scheduled are for the evening. This is likewise an innovation as in the past the chamber music recitals have usually been in the afternoon.

OCTOBER REPORT OF NILES LIBRARY FILED
